ITEM 1 - AUTHORIZATION TO AMEND THE ERIE COUNTY WATER AUTHORITY'S TARIFF

Motion by seconded by

WHEREAS, the Act creating the Erie County Water Authority (the "Authority") and the General Bond Resolutions establishing issuance of all Authority bonds mandate: that the Authority maintain rates and fees sufficient to operate and maintain the waterworks system; to pay the principal and interest on its Revenue Bonds as they become due and payable; and to maintain reserves for capital improvements as well as for all obligations and indebtedness of the Authority; and

WHEREAS, the Authority's Executive and Senior Staff have the responsibility to review, analyze and make recommendations relative to charges and procedures contained in the Authority's Tariff; and

WHEREAS, Jennifer Hibit, Secretary to the Authority, Joyce A. Tomaka, Chief Financial Officer, Mark S. Carney, General Counsel, and Charles E. Eaton, Chief Operating Officer, have reviewed the above recommendations and changes and concur with them; and

WHEREAS, after considering all the above recommendations, the Authority has determined that for the best interest of the public to maintain its quality water supply that the Tariff should be amended as set forth in the attached Schedule "A";

NOW, THEREFORE, BE IT RESOLVED:

That the Authority's Tariff, as previously amended, is hereby revised and amended in accordance with Schedule "A" attached hereto and made part hereof, to become effective at 12:01 a.m. January 1, 2027; and be it further

RESOLVED: That the Secretary to the Authority is hereby authorized and directed to file in the office of the Clerk of the County of Erie a duly certified copy of this resolution along with a copy of the revised pages to the Tariff and to publish a copy of these amendments authorizing the abovementioned changes in two newspapers having a general circulation in the County pursuant to Section 1054, Subdivision 10, of the Public Authorities Law; and be it further

RESOLVED: That the Secretary to the Authority, is further directed to forward a copy of this resolution along with a copy of the revised pages of the Tariff to the Town, Village or City Clerks of each of the towns, villages or cities receiving water from the Authority and that the Secretary to the Authority is further directed to furnish a duly certified copy of this resolution along with a copy of the revised pages of the Tariff to all Fiscal Agents named in the Authority's Bond Resolutions; and be it further

RESOLVED: The Board of Commissioners directs the Secretary of the Authority to post the amended Tariff on the Authority's website.

SCHEDULE "A"

AMENDMENTS TO THE ERIE COUNTY WATER AUTHORITY'S TARIFF TO BECOME EFFECTIVE AT 12:01 A.M. JANUARY 1, 2027

UNDERLINED PORTIONS INDICATE NEW MATERIAL PORTIONS IN BRACKETS [ ] INDICATE DELETIONS

1.00 DEFINITIONS

1.20 INFRASTRUCTURE INVESTMENT CHARGE

[Shall mean the charge assessed to an active service address for all Small Meter, Large Meter and Public Corporation and Special Improvement Districts customers as listed under Section 13 to help fund the annual system wide infrastructure investment program.]

Shall mean a fixed charge assessed to each meter at an active service address for the customer classes identified in Section 13, Service Classification No. 1. The charge is intended to recover a portion of the costs associated with maintaining, renewing, rehabilitating, replacing, and improving the Authority's water system infrastructure. Such infrastructure may include transmission and distribution mains, treatment facilities, pumping facilities, storage facilities, system controls, and other capital assets necessary to provide safe, reliable, and resilient water service. The charge supports the long-term availability and capability of the water system and is assessed based on the size of each customer meter to reflect "the readiness to serve" without regard to the actual volume of water consumed.

2.00 AVAILABILITY AND TYPES OF SERVICE

DISCONTINUANCE OF WATER SERVICE

2.32 Water service may be discontinued by the Authority for any one of the following reasons:

H. For missing and/or rescheduling more than two service appointments for the purpose of reading, repairing, replacing, testing or removing meters or backflow preventers or observing water pipes and other fixtures.

4.00 INSTALLATION OF WATER SERVICE CONNECTIONS

4.09 The Authority may require a hydraulic analysis prior to the installation of any service greater than two inches in diameter. The Authority requires use of its engineering consultant for the hydraulic analysis and the applicant shall reimburse the Authority for such analysis.

6.00 INSTALLATION OF METERS

6.04 The Authority shall, in its sole discretion, furnish, install, and maintain meters and meter couplings, but the customer shall install on his premises the necessary piping, fittings, valves, and pipe couplings to receive the meter. The Authority recommends the installation of suitable equipment properly located and installed to prevent backflow which may cause damage to the meter or other damage to the plumbing or the Authority's system. The homeowner warrants that all interior plumbing, piping, fittings, valves and pipe couplings to receive the meter are adequate and able to properly accept water from the Authority. The Authority shall not be liable for damages to person, property, or incidental, caused by the failure of any interior plumbing, pipe, fitting, valve, or pipe coupling, or failure to install same, for causes beyond its control or through ordinary negligence.

9.00 PAYMENT FOR WATER SERVICE AND ADJUSTMENTS

9.15 At the Authority's sole discretion, the Authority shall forward to Contracted Municipalities any accounts ninety (90) days or more past due. [Pursuant to Town Law §198(3)(d), Village Law §11 1118 and Second Class Cities Law §95.] The municipality shall collect amounts owing to the Authority and remit the sum collected to the Authority within thirty (30) days of receipt.
