Dear Sir/Madam:

U.S. Renal Care-Tonawanda is a kidney dialysis provider located at 3161 Eggert Rd Tonawanda, NY 14150. Our facility is engaged in providing hemodialysis treatments to patients with End-Stage Renal Disease (ESRD).

Water supplied by your agency is further purified at our facility to meet medical requirements and exposed to the blood of patients to remove waste (toxins). The therapy is dependent on an uninterrupted supply of water of consistent quality. We are therefore asking for your cooperation by providing us with information on the following:

- Prior notification if a change in water quality or treatment methodology is anticipated.
- Prior notification (when possible) of interruption in service or work which will alter the physical or chemical characteristics of the water.

Thank you in advance for your cooperation. Should you have any questions, please do not hesitate to contact me at 716-832-0159 or our Area Biomed Technician, Brian Mucci, at 214-930-9438.

Sincerely,

A handwritten signature in black ink that reads "Ginger Booth".
