Good afternoon.

On Thursday, May 22nd, our water meter was fully replaced at Elderwood Village at Williamsville (5271 Main Street; Williamsville, NY 14221).

Due to our business, and the number of residents residing at our facility, we are overdue giving the Department of Health a summary of completion and/or work order for the above project.

Per our Director of Maintenance, he stated that you needed an email to request such documentation - please let this email serve as our formal request.

Thank you.
