Dear Sir

It has been revealed that law crime seniors like myself
have lost their fully Paid Annual water subsidy by the
misappropriation of \$11M in funds devoted toward
questionable info-structure project by your previous ~~senior~~
controller.

Seniors need & deserve this subsidy now more than ever.

What are you going to appropriately restore it?

The News Stations have assured us, their field investigations
will continue 'til this issue is rightfully resolved.

Your immediate attention is required as is the
courtesy of your reply. Thanks You,

Sincerely,

Cindy Bejarski
