Hello ECWA,

I am inquiring if you know when the work is scheduled for a water line repair/replacement on Killewald Ave. in the City of Tonawanda. The road is in dire need of being repaved, but the DPW stated they can't repave the road until the ECWA excavates and repairs needed work.

I am inquiring if you know the estimated timeframe of this work or can you please forward this email to someone who can answer my question. If there is no work slated for Killewald Ave., which runs from Delaware St. to Young St., please let me know. Thank you.
