Subject: Billing and Payment RFP information request

Good afternoon,

I hope that this email finds you well. I have not been in touch with ECWA in quite some time, and I now see that Paymentus is handling your billing and payments for your new website. I am interested in the following:

- Past RFP information related to the award of the billing and payment solutions to Paymentus
- Contract term and expiration dates
- If possible, information on when ECWA intends to put the business out for bid again

Thank you so much for your time!
Phyllis
