Subject: 32 Derby Rd, Williamsville, NY 14221

Good morning,

I am a Claims Management Specialist for Selective Insurance. We insure the Village of Williamsville. A claim has been presented against the Village for damages to property arising out of the Village Fire Department use of a hydrant which is owned and maintained by the Erie County Water Authority. In order to properly defend the Village, we are requesting records associated with the subject hydrant and supply lines.

Under the Freedom of Information Law, please provide repair and leak / maintenance history records for lines and hydrant in the vicinity at, in, near and around 32 Derby Road, Williamsville, New York.

I look forward to your reply. Please do not hesitate to contact me with any questions.

Sincerely,

LouAnn Wendt, AIC
Claims Management Specialist—domiciled in New York
