Claimant's Statement (please print legibly and be specific):

AFTER Punching out at the generator Shop at Windom Tank At 3:30 on Monday, December 15th of 2025, I was exiting through the Automatic gate. I Stopped my Truck with the Passenger Front Door Inline with the Sensor to hold the gate In the open Position so my fellow Co-worker (James Wolf) would not have to swipe his Card and wait for the gate to Re-open. I was watching for him In my Driver Side mirror when I Felt and heard the gate closing on my Passenger Side Door. Once the gate Re-opened I Backed my Truck up to Inspect for damage upon Inspection I Found some Denting and a hole in the Door. I Immediately Reported the Incident to my Supervisor.
