Claimant's Statement (please print legibly and be specific):

On July 8<sup>th</sup> 2025 I returned home from work and a ECUA truck was in front of the house. A main broke and I flooded my basement. This is the second time in approximately 10 mos. my basement flooded due to a break. First time only a few inches. This time there was 28" of water in my basement.

I had to have utilities shut off and NYSEG wouldn't turn my power on until I got it inspected. Upon inspection it was found that my electrical box had corroded wires and needed it fix. After it was inspected and power turned back on, Servicepro came in to clean mud and water, sampling for mold. I then had rays replace the hot water tank (it was underwater). The next replacement will be my furnace. (it too was under water). Finally, I will need a new washer and dryer because they were under water also.

I am attaching 2 of the receipts I already paid for.

All statements herein are made under penalty of perjury.
