Dear Records Access Officer:

Pursuant to the New York State Freedom of Information Law, I respectfully request electronic copies of records concerning Erie County Water Authority infrastructure work planned, performed, or proposed along Martin Road in the City of Lackawanna.

The requested period is January 1, 2025, through October 28, 2026, including available project planning records for 2027.

Please provide:

1. All plans, engineering assessments, project schedules, and original cost estimates for Martin Road water-main, service-line, valve, hydrant, or other underground water infrastructure work.
2. All project authorizations, work orders, contracts, contractor bids, and purchase orders for work along Martin Road.
3. Records identifying which repairs or replacements were planned in coordination with the City of Lackawanna's anticipated spring 2027 paving project.
4. Records concerning any emergency or expedited work performed on Martin Road in 2026.
5. Contractor invoices, payment applications, labor charges, equipment expenses, material costs, and associated restoration expenses.
6. Applicable regular and emergency contractor pricing schedules, including overtime rates and after-hours premiums.
7. Records showing original estimated costs, revised estimates, committed funds, actual payments, and outstanding financial obligations.
8. Change orders or other records documenting changes in the project scope, schedule, contractor, or cost.
9. Records identifying any cost-sharing, reimbursement, or financial arrangements with the City of Lackawanna, Erie County, or Erie County Sewer District No. 6.

I am seeking to determine the total cost of the water infrastructure work associated with the Martin Road paving project and whether any work was performed at additional expense due to emergency or expedited scheduling.

Please provide the requested information electronically in its existing format.

If any records are maintained by another department, please identify the appropriate custodian.

I request rolling disclosure of available records and a written explanation citing the applicable

statutory exemption for any records withheld.

Thank you for your assistance.

Sincerely,

Lynette Sikorski
