Good morning,

I am writing as the manufacturer of parts procured on the Project 202600002 Watermain materials bid, from 11/4/25. In order to ensure that I am offering a competitive price, and that the materials bid by all parties are of appropriate market value to match the specifications, I'd like a list of tabulations reflecting each of the unit prices for all items bid. Including, but not limited to line item pricing from Core and Main, T Mina East, Ferguson Waterworks, and others. We bid these items indirectly, through our partner distributors, and I like to keep accurate records for market research. An email digital copy is acceptable, and deliverable to [timothy.reynolds@xylem.com](mailto:timothy.reynolds@xylem.com). Thanks so much for your help, please let me know if there is anything I can do to help facilitate. All of my contact info is in the below signature block.
