Hello Ms. Hibit!

I received yesterday in the mail a letter dated 10/02/2025 regarding the possibility of lead content in our water system. The purpose of this email is to inquire if Idlebrook Drive, Cheektowaga, NY 14225 has been identified as a service line containing lead. I reside at 5 Idlebrook and am a senior citizen. As such I want to be sure that if there is a problem with the line, that ECWA will take the necessary steps to remove the lead and other pollutant material that might be present.

Please check your records to determine when a physical inspection of the service line will be undertaken. If I could have your email response with **10 business days** from the date of this email.

Thank you.
