Dear Sir,

My name is Ohon Omondi, and I am a second year Phd student from Kenya at UCL in UK. I am conducting research on ECWAs financial organization and the resources supporting its religious, educational, healthcare and community service activities. I am writing to enquire whether your department could provide copies of ECWAs annual financial reports for 2021,2022,2023,2024 and 2025.

The study examines how congregational contributions, missionary sponsorship, institutional income and other funding supports ECWA's work. Its principal focus in Nigeria with additional considerations of missionaries and congregational activities in Niger, Benin and Burkina Faso. Access to financial reports would help me develop an accurate account of these arrangements and distinguish the denomination's overall finances from those of individual institutions or affiliated companies.

I would be particularly grateful for the following documents, where available and approved external disclosure:
1. Annual financial statements, preferably audited, including the income and expenditure statements.
2, Annual finance Department or Treasurer's reports, including financial summaries presented to the General Church Council.
3. Existing departmental or program-level financial summaries covering missionary work, education healthcare and community assistance, including cross-border activities where these are reported separately

My priority is the denomination-level or consolidated financial reporting. A brief explanation of which councils, departments, institutions and business entities are included would be especially helpful, together with confirmation of the financial period covered by each report. Where separate accounts are maintained by the Evangelical Missionary Society or other ECWA institutions, I would welcome guidance on the appropriate office to contact.

I recognize that some documents may be intended for internal circulation. Public versions, approved extracts or appropriately redacted summaries would also be useful. The research does not require personal donor information or individual banking details, and there would be no need to prepare new analyses specifically for his request.

Should the 2025 reports not yet be available for release, I would apricate any available reports from 2021- 2024 or the most recent approved financial statement . electronic copies in there existing format would be entirely suitable.

Please let me know whether access requires a formal application, supporting documentation or agreement on confidentiality and citation. I would be please to provide a short research proposal and any applicable confirmation of my identity and affiliation/ Any conditions governing the use of non-public material would be agreed before the documents where supplied.

Thank you for considering my request. Your assistance would help ensure that the study presents ECWA's financial arrangements and institutional activities accurately. Should another office handle requests of this kind, I would be grateful for a referral.

Yours Faithfully
Ohon Omondi
