Good Afternoon

I am currently appraising 621 Losson Road. I am searching for further confirmation on the extent that 621 Losson Road is improved with water lines. The property is an extension of a subdivision that started but was not completed. Is it completely improved with a main and infrastructure? Do you have a GIS map of where the water lines and main exist if any? On inspection I did make note of a fire hydrant indicating some improvement however I am searching to what extent.

Any information is much appreciated.
