Claimant's Statement (please be specific):

on Sat-8/29/2020 I Installed my Washer and
 Dryer with my friend Mike [redacted] we
 hooked up water hoses and gas lines and checked
 to see washer and Dryer worked. They did. My
 Landlord stopped by on Sunday and asked me to
 get 8 foot water lines because the 6 foot lines
 were too short I was blocking utility boxes
 on Monday I went to Home Depot and bought
 8-ft water lines my friend Tom [redacted]
 helped me change the water lines - I have [redacted] bac
 right hand. we turned the washer on to check
 it. It began to fill then I smelt a foul smell
 I looked in washer and it was filling with
 brown Nasty water. The Water Authority turned off
 water at the same time I filled them. They
 were fixing new lines out front and broke
 water line. I tried to turn on washer
 after water turned back on + made [redacted]
 whining sound and would not spin or remove
 water. The Foreman on job looked and verified
 my dilemma - foreman [redacted] I called
 Water Authority and [redacted]
 and said to get replacement price of [redacted]
 Compraball washer which it will do
