Claimant's Statement (please print legibly and be specific):

On Thursday Nov 18 2021 around 2:30pm, at the property of 5744 - only a few houses down on the same side as ours, another water pipe exploded or burst sending an unimaginable amount of water down the street to my property. There is supposed to be a drain but with so much water rushing it cannot keep up and turns straight into our yard causing yet another flood on our property. Once again shutting the plates on the pool. This time the pool was closed and no estimates or damage could be accessed as it was November & the pool was closed. Immediately upon the water explosion I called Molly Jo Mussara, claims manager at the water company immediately as I could not believe this was happening again. She in turn FKE TIMED me - (live video) call so I could personally show her what was happening. At roughly 2:45-3:00 my husband Tony and Jack Schutrus were out first recording the damage. and these facts I will send via email to Andrea Poole - claims management clerk -

All statements herein are made under penalty of perjury.
