FOIL REQUEST #5

February 25, 2020

Subject: WATERMAIN MATERIALS PURCHASE CONTRACT
JANUARY 1, 2020 THROUGH DECEMBER 31, 2021
PROJECT NO. 202000001

Project No. 20200001 was originally received via email on July 3, 2019 (see attached)

Section 15120 – PART 2 PRODUCTS – MATERIALS – E. Repair Clamps #7
d. Or approved equal

ECWA sent out an Addendum to above subject project in October 2019, stating that all bids were rejected and would have to be resubmitted.

There was a meeting held at ECWA to discuss mentioned Addendum, at which time Mark A. Langenhan, President – Sales/Marketing of TPS attended.

When the revised Contract was re-submitted there was no approved equal included under Section 15120 – PART 2 PRODUCTS – MATERIALS – E. Repair Clamp #7
d. No substitutions allowed

A detailed explanation is required since ECWA has purchased the TPS Quick-Cam Repair Clamp for 2 years. TPS also made changes to the product to satisfy any feedback ECWA presented.

We look forward to your reply to this FOIL Request.

Regards,

Barb Langenhan
