Claimant's Statement (please print legibly and be specific):

I (Katherine Fitzgerald), arrived home at approximately 4pm on 02/06/2025 to several trucks and workers in the front of my home. It appeared that they were repairing a water pipe and directing the water into my front yard. Water had been collecting and going across my front lawn, driveway and into the backyard. It was collecting water quicker than it was able to divert it. When looking at the backyard, water had already been flooding the backyard and being directed/flooding into our home. Upon going down to our finished basement, sitting water and mud was evident throughout. There was significant water impacting the sectional couch, carpeted floor, furniture, windows and doors. I asked one of the workers the status as this had occurred. The lead member of the team took a look at my yard and the basement at the outcome of the pipe bursting. He then provided me w/ contact info for Molly Jo Musarra (Claims Rep for Water Auth.). I left a voicemail that evening. My husband/I took several photos. At 1:45pm on 02/07/25 I was able to connect w/ Molly to begin process. Our house is pending being sold w/ close date tentatively 03/17/2025.
