RE: Interconnection

Dear Mr. Kowalski:

Please be advised that I am the Supervisor for the Town of Elma. I am interested in meeting with you relative to a possible new interconnection which the Town of Elma is exploring. Currently, there have been discussions between the Towns of West Seneca and Elma to join forces in order to assist the West Seneca residents along Transit Road; particularly in the area of 1840-2172 Transit. The reason for this is that according to West Seneca officials, the water pressure the residents currently have is very low.

The Town of Elma recently experienced a water main break at our facility. As a result, Elma would like to discuss the possibility of an interconnection in the area of Milestrip Rd and Old Transit Rd. This would be beneficial not only to the Elma residents, but also to some ECWA customers of Aurora which are currently being supplied via Elma water lines.

Kindly advise as to a convenient time which we can meet and discuss this issue further. Thank you for your attention to this matter.

Yours truly,

A handwritten signature in cursive script that reads "Wayne Clark".

Wayne Clark
Elma Town Supervisor

Cc: Phyllis M. Todoro, Town Attorney
Brian Nolan, Jr., Elma Water Superintendent
