Mr. Terrence D. McCracken
FOIL Officer
Erie County Water Authority
Via Email: foil@ecwa.org

Dear Mr. McCracken,

I am writing to request access to public records pursuant to the Freedom of Information Law ("FOIL"), Article 6 of the New York Public Officers Law. I respectfully request copies of all available records related to water quality testing and water delivery that are relevant to Snyder Road in the Town of Aurora, 14052.

I am specifically interested in records of, but not limited to:

- Potable water quality sample results for test locations on or close to Snyder Road (e.g. date, microbiological, chemical, and physical parameters, excursions), summary or compliance reports, or correspondence related to the water quality testing.
- Water delivery statistics, including volume delivered per time period, distribution system maps or summaries, delivery pipe sizes, number of customers served, number of customers not served (using private wells), well tests, planned connections, unplanned interruptions or planned major interruptions or service disruptions, pressure, volume, and flow testing of fire hydrants, and any reports summarizing water delivery efficiency or losses (such as unaccounted-for water or leakage statistics).
- Relevant records may include the adjoining Luther Road, and a small section of Davis Road near the intersection of Ellicott Road.

If available, I prefer electronic copies of these records. If some records are not available electronically, I would appreciate guidance regarding how I might inspect them in person or otherwise obtain copies. If there are any fees associated with processing this request, please inform me in advance of fulfilling the request. I am prepared to pay reasonable costs for copying or retrieval, but ask that you inform me beforehand if fees are expected to exceed \$25.

As a resident of Snyder Road, these records relate to the potable water delivered to my home. My contact information is:
