Hydrant Information

| |
|--------------------------------------|
| Hydrant/Meter Assembly Location |
| Hydrant Number /Water to be Used For |

The Authority will issue permits allowing private contractors/municipalities to take water from hydrants. Private contractors must pay a deposit of **\$1500.00** for a meter and backflow device and must also pay **\$300.00** to cover the costs of the Authority installing and removing the meter and backflow device and servicing the hydrant after use.

This service is seasonal from April 15 through October 30. The unit must be returned to the Authority after October 30 and water, as registered on the meter, will be billed to the customer at the meter rates set forth in said rate schedule. It is understood and agreed that the water shall be supplied and used only in accordance with the rules, regulations and rates of said Authority as now on file at the Authority's office at 295 Main St, Rm 350, NY 14203, and any modifications, alterations or amendments thereof which may be made by the Authority from time to time.

It is understood and agreed that applicant is responsible for proper care of the meter and backflow prevention assembly and will be billed at cost for any damages/repairs to either the meter and backflow prevention assembly or any hydrants used.

The minimum charge will be for 50,000 gallons of water per meter and backflow preventer assembly at the current rate.
