

INVESTMENT GUIDELINES
FOR THE ERIE COUNTY WATER
AUTHORITY PURSUANT TO ARTICLE 9,
SECTION 2925
OF THE PUBLIC AUTHORITIES LAW

I. SCOPE

These investment guidelines apply to all moneys and other financial resources available for investment on its own behalf or on behalf of any other entity or individual.

These guidelines have been constructed pursuant to the laws detailed in Exhibit I.

II. OBJECTIVES

The primary objectives of the Authority's investment activities are, in priority order,

- to conform with all applicable federal, state and other legal requirements (legal);
- to adequately safeguard principal (safety);
- to provide sufficient liquidity to meet all operating requirements (liquidity); and
- to obtain a reasonable rate of return (yield).

III. DELEGATION OF AUTHORITY

The governing board's responsibility for administration of the investment program is delegated to the Chief Financial Officer, who shall establish written procedures for the operation of the investment program consistent with these investment guidelines. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability based on a data base or records incorporating description and amounts of investments, transaction dates, and other relevant information and regulate the activities of subordinate employees.

IV. PRUDENCE

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the Erie County Water Authority to operate effectively.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

All participants involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

V. DIVERSIFICATION

It is the policy of the Erie County Water Authority to diversify its deposits and investments by financial institution, by investment instrument, and by maturity scheduling.

VI. LIQUIDITY

Per the current Board of Commissioners Guidelines, unrestricted cash will be maintained at 20% of the Authority's budgeted gross revenues. These funds will be invested in accordance with the Authority's Investment Guidelines.

The Authority will maintain operating cash of \$4 million, which will be available on a daily basis. These funds should be in the Authority's NOW accounts or money market accounts for easy access. If the Authority is aware of an event for which additional operating funds will be required, this amount can be adjusted.

The remaining unrestricted cash may be invested until it is needed for operating expenditures. A cash flow schedule should be reviewed to determine how long the funds may be invested. Depending on the economic environment, it may be advantageous to invest these funds on a short term basis. They can then be reinvested periodically until the funds are required.

VII. INTERNAL CONTROLS

The Chief Financial Officer is responsible for establishing and maintaining an internal control structure to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly, and are managed in compliance with applicable laws and regulations.

VIII. DESIGNATION OF DEPOSITORIES

It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released and the events which will enable the Authority to exercise its rights against the pledged securities. In the event that the securities are not registered or inscribed in the name of the Authority, such securities shall be delivered in a form suitable for transfer or with an assignment in blank to the Erie County Water Authority or its custodial bank.

The custodial agreement shall provide that securities held by the bank or trust company, as agent of and custodian for, the Authority, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities.
