---

The above-referenced project has been developed by the New York State Department of Transportation (NYSDOT) due to a planned capital project that will impact the Authority's facilities. The Erie County Water Authority has existing water lines within the highway boundary of NY 270 (Campbell Blvd.) and CR 299 (North French Rd.). The NYSDOT will be adjusting valve box elevations, fire hydrant locations, and replacing the waterline where it conflicts with proposed drainage improvements.

The watermain relocation work and all necessary adjustments which are included in the State's contract, will be performed by the State contractor at no expense to the Authority.

Attached is one (1) copy of the NYSDOT HC-140, Utility Work Agreement form for the above-referenced project. A Certified Board Resolution (1 copy) signed by the appropriate Authority's official is required. NYSDOT HC-140 form and Certified Board Resolution are to be returned with original signatures and seals affixed to the NYSDOT per requirements stated in the NYSDOT HC-140 packet cover letter dated February 12, 2025.

The HC-140 references two items that must be included in the ECWA Board Resolution: **"Granting the State of New York authority to perform the adjustment for the owner"** and **"agreeing to maintain facilities adjusted via State-let contract."** (The specific reference is identified in Section VI of the HC-140, page 4 of 4.)

Please contact me if there are any questions.

Dear Mr. Kowalski:

Subject: Utility Work Agreement (HC-140), ILE

The New York State Department of Transportation is progressing the above-referenced capital project. The Erie County Water Authority has existing facilities within the project limits. The Erie County Water Authority's involvement in this project consists of the adjusting of water valve box elevations and fire hydrant locations, as well as the replacement of water line where it conflicts with proposed drainage. The details of the required adjustments are shown in the electronic copy of the proposed contract plans accompanying this letter.

Also accompanying this letter is the Utility Work Agreement (HC-140) ILE package for your approval. The Utility Work Agreement identifies adjustments to the Erie County Water Authority's facilities for the subject project. **The required adjustments are included in the State's contract and will be performed by the State contractor at no expense to the Erie County Water Authority.**

Provide one (1) copy of the resolution by your governing body concerning the work to be done for the subject project and authorizing the appropriate office to approve documents. The copy of the resolution must be certified with a signature and a seal affixed to it. Enclosed is a sample of the Standard Resolution. The resolution must be in force **before** the documents can be approved by the authorized representative.

Please review, approve with an ink signature, and return the documents **no later than March 19, 2025**. The list of documents to be returned can be found at the end of this letter in the enclosure list. One (1) copy of the executed document package will be returned to you for your records.

The preferred method of returning the documents is by email. The documents can be scanned at 300 dpi and returned by replying to the initial document email using the email address [Utility.Unit.R05@dot.ny.gov](mailto:Utility.Unit.R05@dot.ny.gov) and cc [Austin.Pilley@dot.ny.gov](mailto:Austin.Pilley@dot.ny.gov) . Alternatively, a hard copy may be return by USPS to:
