

ERIE COUNTY WATER AUTHORITY INTEROFFICE MEMORANDUM

June 17, 2021

TO: Terrence D. McCracken, Secretary to the Authority

FROM: John M. Catanzaro, Director of Operations *Jm C*

SUBJECT: Board Authorization for Hydrant/Valve Replacements

Please be advised that Authority personnel have recently replaced various hydrants and valves that were obsolete, defective or unrepairable. These hydrants and valves are located within the Direct Service areas of the Erie County Water Authority Service Area.

Since the hydrants and valves are assets of the Authority, the old hydrant or valve must be removed from our inventory. This is referred to as "retired". The new hydrant or valve then replaces the retired asset. The make, size, model and cost of the new hydrant or valve is then included as a current asset.

The action to retire an old hydrant or valve and to replace it with a new hydrant or valve requires authorization from the Board. As such please find the following:

- Blue Authorization form for Board Resolution for hydrant and valve replacements.
- Construction Authorization forms for the subject hydrant or valve that was replaced; along with a pink "Property Removed from Service" form for each hydrant and valve. These two documents identify all the pertinent data including the cost of the new asset.

Please advise if you require additional information.

TITLE OF PROJECT: Replaced existing 6"
valve at 222 McNaughton Ave., Town of
Cheektowaga

DETAILED DESCRIPTION AND PURPOSE:

Valve originally installed in 1957 under EC 622, was
scrapped, retired under #R210003 and replaced with
a 6" resilient seat valve under EC 7169.
Old 6" gate valve was obsolete and unrepairable.
Work done by ECWA Forces at ECWA expense.
