SECTION 1. INVITATION FOR PARTICIPATION

1.1 Background

The Erie County Water Authority (the “Authority”) is an independent public benefit corporation created in 1949 by a special act of the New York State Legislature, codified at Title III Article V of the Public Authorities Law, to ensure a safe and plentiful water supply for the people and industry of Erie County. The Authority has been operating since 1953.

The Authority is financially self-sustaining, paying all operating expenses from revenues generated from the sale of water to 171,854 direct service, leased-managed and bulk sale customers. It is not an agency of New York State or Erie County. Instead, it is an independent local public authority performing governmental functions and responsibility for the treatment and distribution of 25 billion gallons of safe, clean, potable water annually to residential, commercial, and industrial customers in 36 municipalities located within Erie County and parts of Chautauqua, Cattaraugus, western Wyoming, and western Genesee counties, as well as the territories of the Seneca Nation of Indians.

1.2 Purpose

The Authority continues to search for efficient means to reduce operating costs associated with the delivery of potable water to its residential and commercial customers. The Authority now requests information from qualified financial advisors providing financial advisory services.

In extending this Invitation for Participation (“Invitation”), the Authority is not obligated to purchase any services, or to reimburse any cost associated with the preparation of any submission made in response to this Request for Proposals (“RFP”). Any participants offering a submission understand the submission is for informational purposes only.

The Authority is seeking a three-year contract with an option (upon mutual consent) to renew the contract for two additional one-year periods under the same terms and conditions.

The Authority reserves the right, in its sole discretion, (a) to accept or reject, in part or in its entirety, any submission received as a result of this RFP, (b) to use the information, contained in any such submissions, to draft qualifications or specifications for future solicitations of proposals, or (c) to negotiate a service

agreement with qualified, experienced financial advisors.

1.3 Open Invitation

This Invitation is open to all qualified, experienced financial advisors authorized to do business in the State of New York and providing financial advisory services for at least three years.

1.4 Scope of Services

The Authority is seeking the following financial advisory services:

- Informing the Authority of market conditions on an on-going basis by initiating contact regularly and notifying the Authority of activity;

- Advising the Authority on debt policy decisions, and planning and structuring of bond issuances based on the Authority’s capital spending requirements. This includes obtaining an understanding of the Authority’s legal and bond covenant requirements;

Offerer's Disclosure of Prior Non-Responsibility Determinations

Background:

New York State Finance Law §139-k(2) obligates a Governmental Entity to obtain specific information regarding prior non-responsibility determinations with respect to State Finance Law §139-j. In accordance with State Finance Law §139-k, an Offerer must be asked to disclose whether there has been a finding of non-responsibility made within the previous four (4) years by any Governmental Entity due to: (a) a violation of State Finance Law §139-j; or (b) the intentional provision of false or incomplete information to a Government Entity.

The terms "Offerer" and "Governmental Entity" are defined in State Finance Law §139-k(1). State Finance Law §139-j sets forth detailed requirements about the restrictions on contacts during the procurement process. A violation of State Finance Law §139-j includes, but is not limited to, an impermissible contact during the restricted period (for example, contacting a person or entity other than the designated contact person, when such contact does not fall within one of the exemptions).

As part of its responsibility determination, State Finance Law §139-k(3) mandates consideration of whether an Offerer fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no Procurement Contract shall be awarded to any Offerer that fails to timely disclose accurate or complete information under this section, unless a finding is made that the award of the Procurement Contract to the Offerer is necessary to protect public property or public health safety, and the Offerer is the only source capable of supplying the required Article of Procurement within the necessary timeframe. See State Finance Law §139-j(10)(b) and §139-k(3).

Instructions:

A Governmental Entity must include a disclosure request regarding prior non-responsibility determinations in accordance with State Finance Law §139-k in its solicitation of proposals or bid documents or specifications or contract documents, as applicable, for procurement contracts. The attached form is to be completed and submitted by the individual or entity seeking to enter into a Procurement Contract. Contract Termination Provision

Instructions:

A Contract Termination Provision will be included in each Procurement Contract governed by State Finance Law §139-k. New York State Finance Law §139-k(5) provides that every procurement contract award subject to the provisions of State Finance Law §§139-k and 139-j shall contain a provision authorizing the Governmental Entity to terminate the contract in the event that the certification is found to be intentionally false or intentionally incomplete. This statutory contract language authorizes, but does not mandate, termination. “Government Entity” and “procurement contract” are defined in State Finance Law §139-k(l).

This required clause will be included in a covered procurement contract.

A sample of the Termination Provision is included below. If a contract is terminated in accordance with State Finance Law §139-k(5), the Governmental Entity is required to include a statement in the procurement record describing the basis for any action taken under the termination provision.
