

## ERIE COUNTY WATER AUTHORITY

### INTEROFFICE MEMORANDUM

March 30, 2026

### Confidential Critical Infrastructure Information

To: Jennifer Hibit, Secretary to the Authority

From: Seth L. Krull, PE, Senior Production Engineer *Seth Krull*

Subject: Water Storage Tank Rehabilitation  
ECWA Project No. 202600009

---

The Erie County Water Authority (ECWA) recently issued a Request for Proposals for consulting engineering services for design, construction and inspection services to rehabilitate eight water storage tanks. Design work to be in 2026 with construction in 2027 and 2028.

A Request for Proposals was prepared and sent to seven consulting engineers: Barton & Loguidice DPC, DiDonato Associates, Encorus, Greenman-Pedersen, Inc., JM Davidson Engineering, Inc., Nussbaumer & Clarke, Inc., and Wendel WD Architecture. The proposal was deemed confidential and sent only to these consultants and not posted on ECWA website.

Two proposals were submitted: one from Barton & Loguidice D.P.C. and one from Wendel WD Architecture.

The proposals were reviewed and discussed among the Engineering and Control Department staff. Experience, staffing, scope, cost and project approach were considered. It was determined that Wendel WD Architecture possessed relevant qualifications to perform the proposed work. Wendel WD Architecture has performed the last six tank rehabilitation contracts.

The Engineering Department will move forward with negotiations with Wendel WD Architecture, to develop a Professional Services Contract for the referenced project.
